Dear Mr. Kluksdahl:

Re: Status of Permit Review, Revised Notice of Intention to Commence Mining Operations, Goldstrike Project, M/053/005, Washington County, Utah

On October 5, 1990, the Division received your request to revise the approved Notice of Intention (NOI) for Tenneco Minerals, Goldstrike Mine. This letter is forwarded to inform you of the current review status of this revised application.

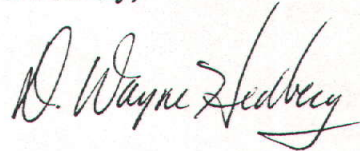

Due to extenuating circumstances, we will not be able to complete our review of your application within the timeframe established under rule R613-004-101.1. We will be coordinating our review with the Bureau of Land Management and the State Bureau of Water Pollution Control. We hope to schedule an onsite inspection of the area(s) to be impacted by the proposed revision sometime during the week of November 12-16, 1990. We anticipate completing our completeness and technical review by the end of November.

Please contact me at your earliest convenience if this review timeframe will cause serious conflicts with your proposed development schedule. I apologize for any
